

CWA Local 1101 Equity Committee Mission Statement February, 2019

The mission of the CWA Local 1101 Committee on Civil Rights and Equity is to develop and promote the CWA Civil Rights and Equity Program. We seek to find ways to ally ourselves with the larger progressive movement to combat the increasing inequality in America and beyond.

Our vision is to build a union with confidence and unity amongst CWA 1101 members by actively pursuing ways to inform one another, increase participation, and reduce response times. Whereby members of all cultures, religions, sexual orientations, genders, disabilities, ages, and nationalities feel welcomed, respected, and heard; and where the leadership reflects the diversity of our membership.
