The parties recognize that the Employer must remain competitive and profitable as the only assurance that the benefits of the collective bargaining agreement will continue to be realized by bargaining unit employees. The parties further recognize that the achievement and maintenance of this goal requires continuous action by the employer to adapt to the changing preferences of its guests, and to improve its services, facilities and its position in the market. 30.4 - Prior to implementation of a Continuous Improvement Initiative, the Employer will provide at least forty-five (45) days’ notice of planned changes associated with the initiative. Upon request of the Union the Employer will meet with the Union and discuss the anticipated effects of the change on the bargaining unit.
