

# **Parking Production Assistant and Parking Coordinator Bargaining Report #1**

**January 14, 2022**

Today the CWA bargaining committee met with the AMPTP to begin negotiating the PPA/Parking Coordinator contract. The Union began with an Opening Statement by Shop Steward Derek Lawrence which eloquently highlighted the demands for a fair and equitable contract while also highlighting the inequities that PPAs and Coordinators have faced for decades in this industry.

The Union presented an all-encompassing proposal with significant wage increases for PPAs, a comprehensive wage structure for Coordinators, improvements to the benefits package which would make it easier to qualify for benefits, health and safety issues, as well as many other issues that are important to both PPAs and Coordinators. We are empowered to have both Coordinators and Parking Production Assistants together at the bargaining table for this round of negotiations. The AMPTP will review and respond to our proposal over the next few days or weeks. The next two bargaining dates are February 16<sup>th</sup> and 17<sup>th</sup>, if anything changes between now and then we will keep you updated.

Your Bargaining Team is:

Lanere Rollins, Shop Steward Local 1101/PPA

Derek Lawrence, Shop Steward Local 1101/PPA/Lead PPA
