

TAKE ACTION TO FIGHT FOR OUR JOBS:

SIGN THIS PETITION TO DEMAND PUBLIC DOLLARS GO TO FIBER DEPLOYMENT AND GOOD TELECOMMUNICATIONS JOBS

The taxpayer-funded BEAD program was designed to expand fiber in unserved areas. CWA fought and won strong labor standards + prevailing wage requirements – setting Verizon up to WIN BIG in NYS.

BUT IN JUNE, WASHINGTON RIGGED THE RULES:

- ✗ Requires work to go to “Lowest Cost” bidder
- ✗ Eliminated Fiber Preference
- ✗ Gutted Labor Standards

THE RESULT?

Starlink got 25% of the work while Verizon got just 7.5%. This Administration’s rule changes cost our members good jobs and lined Elon Musk ‘s pockets with taxpayer dollars.
